

Rediscover the Lost Tools of Learning at Mars Hill Academy

You'll find Latin, logic, and rhetoric

at Mars Hill Academy. We are one of over 200 schools across the country dedicated to rediscovering classical and Christian education, a model built on the pillars of Latin, logic, and rhetoric. During our Open House, you'll have the opportunity to browse curriculum, tour the school, visit classrooms, and attend an informative presentation. Mars Hill Academy is Cincinnati's only K-12 classical and Christian school. We recently expanded our building in order to welcome 47 new students this school year. Learn more about classical and Christian education by attending an Open House, or visit our **web site at www.marshall.edu**.
